FINANCIAL POLICY

Just as the care you receive from our group of Perinatologists will be individualized to your specific needs, our fees are structured in such a way as to reflect the amount and Intensity of care required for the most healthy pregnancy outcome possible. If you do not have insurance coverage, you will be charged an **individual fee** for each service rendered during your prenatal care. This fee is payable in full at the time services are rendered.

The delivery fee is separate from your prenatal care and we will be pleased to work out an agreeable payment plan, resulting in the delivery fee being paid in full by the 32nd week of pregnancy.

It is our policy to bill your insurance carrier(s) as a courtesy to you. However, it should be understood that we are not a party to the agreement with your insurance carrier and all charges incurred must be paid ultimately by you, the patient.

We invite you to call or personally discuss any unusual financial circumstances with the RCSSD billing service at (858) 309-6290. This will avoid misunderstandings and enable you to keep your account in good standing. Except when previous arrangements warrant otherwise, accounts 90days past due are referred to our collection agency. Your account with us is then considered terminated.

Charges to medical care rendered by the physicians of RCSSD Maternal-Fetal Medicine Division should not be confused with charges for care received at hospitals or Laboratories.

I have read and understood all of the above.
